Campus Security Authorities

The Clery Act requires Elmira Business Institute to provide an annual safety and security report. In addition to input from law enforcement, certain staff positions are designated as Campus Security Authorities (CSA) for the purpose of providing information for this report. CSAs are usually found in departments responsible for, but not limited to, student and campus activities, safety/security, discipline, housing, athletics, human resources or judicial proceedings. This designation also includes any individual who has been specified by EBI to receive and report offenses.

CSA's are responsible for reporting the number of crimes and incidents as described in the Clery Act that occur in their department to Elmira Police Department. EBI has designated the following staff as CSAs for their Elmira location:

- Erin McCann- Corporate Accountant

Law Enforcement Authority

Elmira Business Institute is located in the city of Elmira New York in the County of Chemung. Elmira Police Department is the local law enforcement authority who shares joint jurisdiction with the Chemung County Sheriff's Office and The New York State Police. As the local authority, Elmira Police Department provides initial response to any calls for assistance. EBI students are aware of local law enforcement and understand they can report a crime to any agency listed above.

Campus Access and Security Policies

EBI Elmira Campus is a one building facility. The main entrance is in the rear of the building. All students, staff and faculty are required to wear their identification badges always. Visitors check-in at the reception area and are announced to the appropriate party they are meeting with.

Campus Safety Programs

EBI Elmira campus hosts several personal safety events on campus each year. The topics range from alcohol and drug education, to sexual violence awareness, to personal and dating safety. EBI has partnered with local law enforcement and community partners to provide these programs.

Alcohol and Drug Information

EBI Elmira is compliant with all requirements of the Drug Free Schools and Communities Act (Edgar Part 86). An annual notification is sent to all members of the community alerting them to policies pertaining to alcohol and substance abuse and institutional expectations of students and employees. Information pertaining to [NYS laws](#) and drug and alcohol information can be found [here](#).

Sexual Violence Policy

EBI Elmira has an extensive Sexual Violence policy that can be found in the Institutions [Code of Conduct](#) as well as [online](#). Our policy is inline with New York State 129-B (Enough is Enough), Title IX and The VAWA amendments to the Clery Act.

Reporting an incident of Sexual Violence

Any Elmira Business Institute student, staff member, or faculty member who has been the victim of sexual misconduct is encouraged to seek support and assistance from within or outside the Institution. Incidents of sexual misconduct that happen on EBI property or between students, staff, or faculty should be reported to the appropriate campus Title IX Coordinator. Reporting a sexual offense quickly is important to preserving evidence that may be necessary to prove the offense occurred. Elmira Business Institute employees who become aware that a student has been a victim of sexual misconduct including sexual harassment or assault, domestic or dating violence, or stalking are encouraged to report these incidents to the Campuses Title IX Coordinator.

Title IX Coordinators:

Elmira Main Campus: 607-733-7177 Erin McCann Corporate Accountant emccann@ebi.edu

Vestal Non-Main Campus: 607-729-8915 Jeffery Wood Financial Aid Director jwood@ebi.edu

- Rebecca David Corporate Registrar rdavid@ebi.edu

While certain employees may also have a reporting obligation, if a complaint is made to anyone other than the Responsible Administrators listed above, the complainant risks the possibility that it will not come to the attention of the proper officials and may, therefore, not be acted upon. For purposes of this policy, Faculty are not considered Responsible Administrators. In addition, unless a report is made to someone listed as a Confidential Resource, confidentiality cannot be assured.

Upon receiving a report, the Responsible Administrator to whom the report is made will discuss with the complainant available avenues and options. Options may include conduct action against the accused and remedial actions to correct the effects of the Misconduct.

Elmira Business Institute will review the facts and circumstances of each case, as well the complainant's wishes, in deciding whether and what steps are reasonable and appropriate. A Responsible Administrator will share all information reported to him/her with the Title IX Coordinator and may share with other school administrators, as needed. A Responsible Administrator will similarly report Misconduct that he or she observes firsthand or learns about in any other manner.

Confidential Resources Elmira Business Institute is a non-traditional higher education institution. With that being said, EBI has designated a Confidential Resource at each campus. Timely Warnings

In accordance with the Jeanne Clery Crime Disclosure Act, Timely warnings are issued when an imminent threat to the health and safety of the EBI community exists. The Senior Vice President is the primary person

authorized to send these warnings. In her absence, in order to prevent delay, the Administration is authorized to make the notification. Elmira Business Institute will provide as much detail as possible in issuing a timely warning. At the request of law enforcement, EBI may delay on issuing a timely warning if the information released may jeopardize an ongoing criminal investigation or create a more dangerous situation for the health and safety of the campus community.

An “Emergency Notification” will be sent to the community when there is a potential concern for the safety of the EBI community. This may include but is not limited to police activity in the area, weather emergencies, criminal issues, ongoing patterns of criminal behavior or other concerning issues deemed appropriate by the Senior Vice President. Communication will be sent via text and email. This policy can be found in the Emergency Plan binder located at both locations
